

Collegiate

Kirksey
ARCHITECTURE

STUDENTS SPEND SOME OF THEIR MOST FORMATIVE YEARS ON A COLLEGE CAMPUS.

At Kirksey, we believe it is our responsibility to design spaces that help students thrive and grow during these crucial years. Our collegiate design experts understand what students and administrators need from their campus facilities to succeed. Whether it's classrooms with ample daylight and unique sustainable features, student housing with modern amenities, innovative athletic complexes, or flexible dining facilities - we create engaging spaces where students can live, study, play, learn, and grow.

LEARNING ENVIRONMENTS

Where students and faculty work, learn, and socialize are constantly evolving. Successful learning environments seamlessly adapt to changing pedagogy and technology. Transparency and collaborative workspaces inside and outside the classroom transform the learning environment.

WEST TEXAS A&M UNIVERSITY,
PAUL ENGLER COLLEGE OF AGRICULTURE AND NATURAL SCIENCES

Canyon, Texas
160,000 sf

BLINN COLLEGE, WALTER C. SCHWARTZ BUILDING, RELIS CAMPUS

121,000 sf

STEM

Students need efficient, high-quality laboratory facilities that simulate real-world environments. Integrating classroom and laboratory space allows students to move directly from a lecture to a hands-on, practical environment.

UNIVERSITY OF HOUSTON-DOWNTOWN, COLLEGE OF SCIENCE & TECHNOLOGY
 BUILDING & CENTER FOR URBAN AGRICULTURE & SUSTAINABILITY

Houston, Texas
 114,000 sf
 LEED Gold

STEPHEN F. AUSTIN STATE UNIVERSITY, ED & GWEN COLE STEM BUILDING

Nacogdoches, Texas
87,000 sf

SAN JACINTO COLLEGE, CENTER FOR ENGINEERING & TECHNOLOGY

Houston, Texas
74,000 sf

PRAIRIE VIEW A&M UNIVERSITY, FABRICATION CENTER

Prairie View, Texas
25,000 sf

LONE STAR COLLEGE - UNIVERSITY PARK,
 CENTER FOR SCIENCE & INNOVATION

Houston, Texas
 50,000 sf

WORKFORCE TRAINING

Colleges play a critical role in workforce development and provide in-demand career pathways for their students. Providing real-world, hands-on training spaces that simulate the workforce equips students with job-specific skills and prepares them for career success.

HOUSTON COMMUNITY COLLEGE,
STAFFORD CAMPUS WORKFORCE BUILDING

Stafford, Texas
57,000 sf
Associate Design Architect: RdLR

HOUSTON COMMUNITY COLLEGE, MISSOURI CITY CAMPUS

BRAND INTEGRATION

Brand Integration | Branded Environments | Signage & Wayfinding
 Brand Identity | Placemaking | Collateral Packaging | Exhibit & Showroom Display

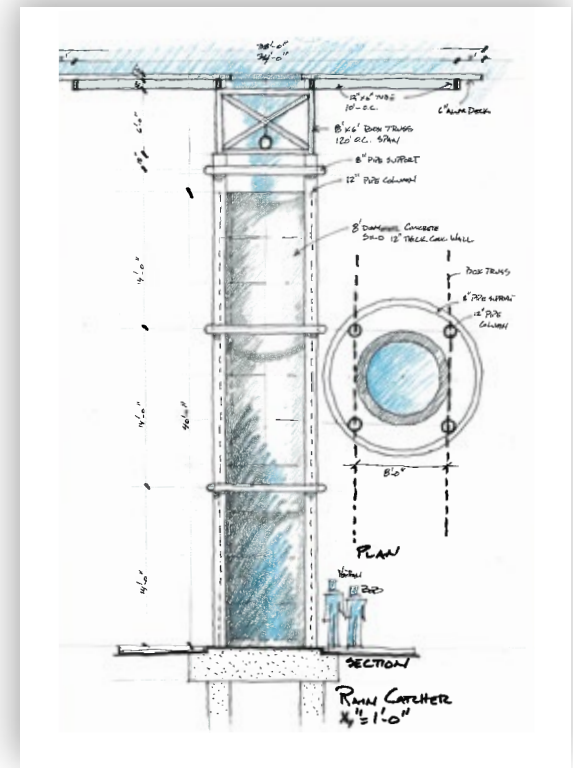

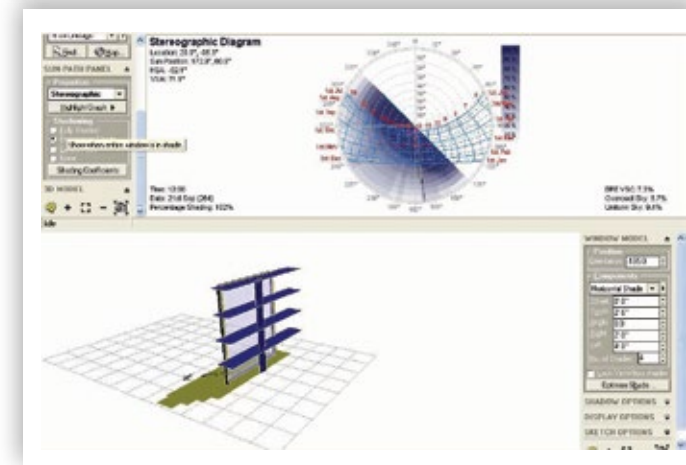

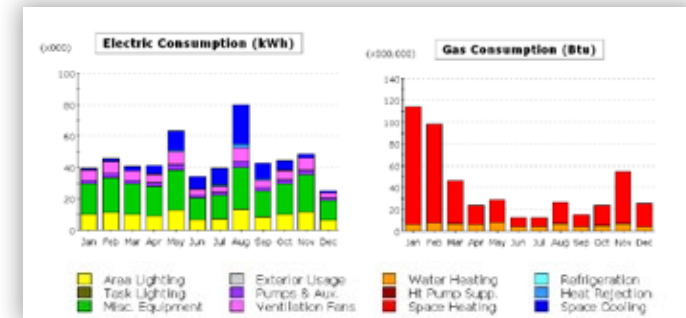

Kirksey's Brand Integration designers focus on the importance of creating a visually enhanced environment. By leveraging our professional backgrounds in architecture, branding, and design, we offer our clients unique strategies and perspectives on every project.

Our first thought is a sustainable thought, and we are committed to designing healthy, high-performance buildings.

Our design process is distinguished by its rigorous modeling against sustainable metrics. In-house capabilities include energy modeling, daylight simulation, computational fluid dynamics, life cycle assessments, carbon impact calculations, solar feasibility, water use and collection analysis, and human comfort simulations. We implement our Basic Green design standards on each project we undertake, resulting in more efficient, cost-effective, and environmentally responsible buildings. We have successfully completed over 38 million square feet of LEED certified projects.
